

# BORGES RESERVE

## DÃO WHITE 2022

The Reserve wines sum up Borges' tradition and know-how in the production of quality wines. They are produced in two of the oldest and most emblematic wine regions in Portugal – the Douro and the Dão – which are recognized for the unique characteristics and quality of their offerings. Borges Dão Reserve White 2022 is the reflection of a challenging year, which has produced wines bursting with freshness, concentration, excellent acidity and good aromatic intensity, as well as real elegance.

### Characteristics

#### ORIGIN

**Region:** Dão Demarcated Region.  
**Soil:** Granitic.  
**Vine Training Method:** Traditional Dão vines.  
**Average Vine Age:** Over 30 years.  
**Average Production:** 30 hl/ha.  
**Grape Varieties:** 40% Encruzado, 30% Bical, 15% Malvasia-Fina, 15% Fernão Pires.

#### VINIFICATION PROCESS / MATURATION

The grapes were destemmed and then crushed. Next, they were pressed, and only the free-run must was utilized. After cold decantation for 48 hours, the must was separated from the lees. The wine fermented between 12 and 14 °C for 4 weeks, and 85% of the lot completed fermentation in French oak barrels. After the alcoholic fermentation, the wine was kept in *bâtonnage* on fine lees for 8 months.

#### BOTTLING

Carried out in inert atmosphere with total deoxygenating of bottles.

#### ORGANOLEPTIC AND ANALYTICAL CHARACTERISTICS

**Alcohol Content:** 13,5% vol.  
**Total Acidity:** 5.5 g Tart. Ac./l.  
**Appearance:** Clear, light yellow.  
**Aroma:** A refined, elegant, and welcoming aroma, where notes of ripe fruits and baked pear stand out, enveloped in a very light, almost imperceptible touch of wood, creating a harmonious and distinctive ensemble.  
**Taste:** On the palate, it reveals a wine with good richness and volume, and a notable structure. It stands out for its vibrant acidity characteristic of Dão, which provides freshness and elegance, offering a prolonged finish and a set with great longevity of flavor.

#### SERVING

**Recommended serving temperature:** 8 to 10 °C.  
**Serving Suggestions:** Excellent with dishes of fish, cold meats and lightly seasoned roast poultry.
