

SILVER SKIN POD

Characteristics

COMPOSITION

Roasted ground coffee.

GENERAL CHARACTERISTICS

The fast pace of daily life, stress and poor eating habits all lead to a growing concern about our well-being. With this in mind, Torrié has launched a range of products suitable for our modern lifestyle, in the belief that the pleasure of enjoying a good coffee can be part of a healthy diet.

Natural Source of Antioxidants.

Antioxidants minimize damage to cells by free radicals, a cause of cell deterioration. Studies show that antioxidants may promote anti-aging, may help to prevent degenerative diseases and improve health generally. "Silver Skin", which has a strong antioxidant effect, is a natural component of coffee. Through an innovative process of production it is preserved in this Torrié Silver Skin. This product contains about 30% more polyphenols (antioxidants) than your usual Torrié.

ORGANOLEPTIC CHARACTERISTICS

Appearance - This Torrié Silver Skin displays a rich creamy foam, with hazelnut color.

Aroma - In the nose stands out a wood aroma and notes of toasted peanuts.

Taste - In the mouth it is a slightly astringent coffee, with hints of herbs. Moderate body and prolonged aftertaste.

TECHNICAL CHARACTERISTICS

PHYSICOCHEMICAL

- Loss of mass on drying: <6.0%
- Ash content, in relation to the dry matter: <5.0%
- Chloride content of the ash: <1.0%
- Aqueous extract, in relation to the dry matter: 28.0% ± 5.0%

PACKAGING

Individual - Complex package consisting of an inner polyethylene layer, an aluminium layer and an outer polyester layer. A coffee pod, wrapped in food grade paper, is inserted in a controlled (nitrogen) atmosphere. The package is then heat sealed.

Package | Sales Unit - Easy-open cardboard box containing 15 individual portions.

Shipping Box - Corrugated cardboard box containing 15 sales units.

Useful Information

CONSUMPTION

- Remove the pod from the package and place it in the espresso machine's filter.
- Check that the pod is centred inside the filter basket and fits perfectly.
- To make the best coffee, warm the cup first.
- Your coffee machine should be regularly maintained to ensure that you keep enjoying top quality coffee.
- Open the product immediately before using.

STORAGE

Keep in a cool dry place.

MINIMUM SHELF LIFE

24 months after packaging.
